

# Unflavored Peñafiel Mineral Spring Water

## Keurig Dr Pepper Voluntary Withdrawal of Unflavored Peñafiel Mineral Spring Water that Does Not Meet FDA Bottled Water Quality Standards

Keurig Dr Pepper is voluntarily withdrawing Peñafiel unflavored mineral spring water products, imported from Mexico, due to the presence of violative levels of arsenic.

All unflavored Peñafiel mineral spring water products including 600mL and 1.5L of all date codes are included in this voluntary withdrawal. The product is packaged in PET bottle formats. Consumers who have this product in their possession can return it to their retailer for a full refund.

Peñafiel is a small brand in the U.S. and quantities in the marketplace are very limited, given that Keurig Dr Pepper has already begun to withdraw the products from the market. The Company has notified retailers that it will work with them to remove the product from the market.

Arsenic is found in nature, including in aquifers that are the source of mineral water and where levels can vary over time. Keurig Dr Pepper has recently installed enhanced filtration systems at its facilities that produce Peñafiel, and the product now being produced is well within regulatory guidelines.

No other Keurig Dr Pepper products are impacted by this voluntary removal. For further information, please contact the Keurig Dr Pepper Consumer Care hotline at (800) 696-5891 between the hours of 9:00 am and 8:00 pm EST, Monday through Friday. We are conducting this market action with the knowledge of the U.S. FDA.
